

About Us

Founded by a lifelong wanderer with a love for seafood, travel, baseball, and the Northeast coast.

Mike Smith grew up between Maryland and New Jersey, with his journey later taking him to Portland, Maine. Along the way, seafood became more than a meal. It became a way of life.

With experience building restaurants in Chicago, New York City, and Maine, Mike brings Northeast seafood culture to Central Florida. Casual, frequent, and meant to be enjoyed any day of the week.

"Seafood should be approachable, not reserved for celebrations."

Northeast Style Seafood

In the Northeast, seafood isn't a special occasion. It's everyday food.

Our goal is simple. Bring that mindset south. Fresh seafood, served casually, meant to be enjoyed often.

Always Current

You'll always find your favorites here, but our menu changes with the seasons, the catch, and what inspires us that day.

Some items rotate daily.

Some appear when the coast says yes.

Always ask about what's fresh, seasonal, or just came in.
